

Lexidrug

MOBILE APP INSTRUCTIONS

1. Go to online.lexi.com/lco/action/home
2. Select Mobile Access Codes.

3. In the new window that opens, select your platform (iPhone or Android) and select New Customer (app is not installed).
4. Under the on-screen Step 1 that appears, click the link to Create an account (lexi.com/account/).
**Make note of the Authorization Code on this page, you will return to this later.*
5. Select Create account.

6. Enter your details to create an account.
7. Log in to your new account.

**Note the box to Add a Subscription by Code, you will come back to this shortly*

- Return to the tab where you selected your device and platform and were instructed to create an account. There will be an Authorization Code in bold, red text. Note that it may be different than the one listed in the instructions.

iPhone™, iPod® touch, & iPad™ Instructions

You have been provided access to UpToDate Lexidrug software for your handheld device. To access your software, please use the following instructions and make a note of the authorization code for future reference.

Authorization Code: 2PK7DB29YB74 ←

[Step 1 - Add Subscription to Your Account](#)

- Copy this code and enter it into your account.

Add a Subscription by Code

AUTHORIZATION CODE

 ←

Do I need an authorization code?

Customers that purchase online or by phone will not require an authorization code. An Authorization Code is a unique 12 digit alphanumeric code used to activate an UpToDate® Lexidrug™ subscription. Institutional users can obtain an authorization code directly from their site administrator or UpToDate® Lexidrug™ Online splash page (if applicable).

- You will be emailed a PIN, enter this PIN into your account to verify it.

Verify PIN

To complete activation, we must verify your email address. A PIN has been sent to **bforster@cwpcn.com**. Please check that email and enter the PIN into the box below to complete activation. **Your PIN will expire in 30 minutes.**

If you don't receive your PIN, you may need to [re-apply your authorization code](#).
